2023 Tore Godal Prize Award for Health Care Research

The **Tore Godal Prize** award was established at the Armauer Hansen Research Institute (AHRI) in 2001 to provide recognition for the outstanding contributions of young Ethiopian researchers. The scope of the research topics includes both infectious diseases and non-infectious diseases relevant to health **Science in Ethiopia** and may involve laboratory and/or non-laboratory-based scientific approaches, including operations research. The prize award is 20,000 Ethiopian Birr in addition to the Tore Godal medal. Individuals who fulfill the criteria below are encouraged to submit their candidacy to research.training@ahri.gov.et or azeb.mekonnen@ahri.gov.et

A maximum of three awards will be given. Applications will be reviewed by a committee established for the purpose, consisting of members from diverse disciplines and institutions within Ethiopia. The deadline for submission is August 31, 2023

Eligibility

- Applicants must submit their Master’s thesis in the above-mentioned research scope and article(s) emanated from the Masters’s research if any, along with their Curriculum Vitae.
- Applicants should successfully defend their Master’s thesis no earlier than 2021. They should provide evidence for the successful completion of their thesis defense.
- Applicants should be 35 years of age and under by the time of the application.
- Applicants will not be eligible for submitting their research proposals and/or ongoing Masters Research not yet completed and defended by the time of application.
- Criteria for evaluation include relevance, originality, methodology, data interpretation, effort, and working conditions. Studies will be judged relative to the context and working conditions in which they were undertaken.
- Gender, disability, and researchers in disadvantaged regions will be given due consideration.
