Preface

Vision of AHRI:

- ❖ To be a leading center of excellence in biomedical research and pharmaceutical development in Africa recognized for its transformative contributions to health science, innovation, and sustainable healthcare solutions that enhance the well-being of communities and drive socio-economic development.

Mission of AHRI:

- ❖ To advance biomedical research, innovation, and capacity building in Ethiopia and beyond, with a focus on addressing pressing public health challenges through cutting-edge scientific discovery, translational research, and the development of high-quality pharmaceutical and biological products. AHRI is committed to improving health outcomes, promoting self-reliance in healthcare, and contributing to the global fight against infectious and non-communicable diseases.

1.ETHIOPIAN PHARMACEUTICAL SHARE COMPANY
